LEHIGH UNIVERSITY
DATA SCIENCE MINOR DECLARATION FORM

Name: ____________________________________________  Date: ______________________

Last                    First

Lehigh I.D. No. ________________  College__________________  Class ________

Minor: DATA SCIENCE  Email _____________________________

Major: ___________________________  Major Advisor: ____________________________

The minor is open to undergraduates from all colleges, and requires a minimum of 16 credit hours. The minor field will be recorded on the student’s academic record but will not appear on the diploma. Please refer to the CSE Department website (www.cse.lehigh.edu) for details on the courses approved and requirements of the Data Science Minor.

The program director may approve additional data science-related electives.

Many of the courses that apply to the minor have prerequisites. These prerequisites do not count toward the minor, and students attempting to complete the minor are not recused from these prerequisites.

It is recommended that minor declarations are requested no later than their fifth semester.

Approved ____________________________  Date _____________________________

Minor Advisor (Brian Davison, BC 233)

Approved ____________________________  Date _____________________________

Associate Dean, RCEAS (only if Engineering College)
